Dear Inspire 2024 Sponsor,

Welcome to the first-ever MyoMentor Annual Symposium.

This one-of-a-kind event will be held on September 6th and 7th at the fantastic Gila River—Wild Horse Pass Resort in Chandler, AZ.

This venue is ideally suited for a myo and airway event—it's light and airy, with a great lobby area for exhibitor tables. Plus, they have good coffee and even better food.

Our attendees will be MyoMentor students and graduates, as well as other myofunctional and airway professionals. All of them are passionate about the field and eager to learn from and be inspired by our stand-out speakers.

We've designed Inspire around a combination of formal presentations, break-out workshops, and networking sessions. This gives participants the best of both worlds - the opportunity to connect more closely with leaders in the field and learn the latest, most useful, real-world myo and airway techniques and information.

We have three levels of sponsorship available - Platinum, Gold, and Silver.

Please feel free to contact us with any questions you might have. We'd be happy to tell you more about the event and the opportunities for brand exposure at Inspire 2024.

Sarah Hornsby and the MyoMentor Team

INSPIRE 2024

Your Audience

Founded in 2014 by Sarah Hornsby, a trailblazer in the field of myofunctional therapy, MyoMentor has evolved from humble beginnings.

What started as a small, local study club with a handful of members is now a leading force in myofunctional therapy training, with thousands of graduates and a suite of courses and training programs.

MyoMentor isn't just a myofunctional therapy training organization; it's a vibrant community of healthcare professionals who support each other's growth and success on an international scale.

This is your opportunity to connect with a group of motivated and passionate airway professionals who are committed to continued learning and the field's growth.

We know our grads are always eager to learn more about the latest products and services in this space, and they want to connect with you!
